I am Sincere! Stop Calomel!

I Guarantee Dodson's Liver Tone

Listen to me! Calomel sickens and you may lose a day's work. If bilious, constipated or headachy read my guarantee.

Live up your sluggish liver! Feel fine and cheerful; make your work a pleasure; be vigorous and full of ambition. But take no nasty, dangerous calomel, because it makes you sick and you may lose a day's work.

Calomel is mercury or quicksilver, which causes necrosis of the bones. Calomel crumbles into sour bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

Listen to me! If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced, just take a spoonful of harmless Dodson's, or get a dealer who sells a bottle of Dodson's Liver Tone for a few cents under my personal money-back guarantee.

Each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working; headache and dizziness gone; stomach will be sweet and bowels regular.

Dodson's Liver Tone is entirely vegetable, therefore harmless, and can not salivate. Give it to your children. Millions of people are using Dodson's Liver Tone instead of dangerous calomel now. Your druggist will tell you that the sale of calomel is almost stopped entirely here. For sale by J. O. Anderson and all leading dealers.—(Adv.)

ARRANGE TO CARE FOR AMERICAN PRISONERS

War Department Asks for \$5,000 to Be Used by Spanish Ambassador at Berlin.

(International News Service.)

Washington, April 18.—Captured American soldiers will be given the best of care during their enforced sojourn in Germany.

It was learned today that the state department has requested that the sum of \$5,000 be set aside by the war department for that purpose. The plan is to place this sum of money in the hands of the Spanish ambassador at Berlin to be used for the purchase of extras that are not allowed prisoners under international law.

This sum will enable Americans that have been wounded so severely that amputation is necessary, to be supplied with artificial limbs, for the manufacture of which Germany is famous. The money may also be used in providing sports material, such as footballs, baseballs and bats and the various indoor games by which the prisoners may while away the long hours.

The war department has taken the request under advisement, but it is understood that the suggestion will receive approval and the funds be so disposed.

Wounded in a Shell Hole.

(From "Nights in No Man's Land," by Capt. Hugh Knapp, of the Anzacs, in the April Scribner.)

I divided a shell hole and flattened myself as much as possible. As I was lost to sight and to memory too dear to be allowed to escape, they began to cover the ground with bombs. These all went well beyond me, and had it not been for "butter-fingers," I might have escaped. But a bomb slipped from his hand, rolling into the hole in front of him. He jumped back into the safety of the trench and did not know that the bomb had fallen on me as it exploded. But I knew it—my left leg was broken in three places, twelve wounds in my right and others in my back; twenty that afterward had to be dressed, not counting some other scratches. Then they came out to look for my friend, almost stepping on me, but after half an hour's fruitless search, they gave up.

About two hours later I started home on my long, painful crawl. It took me about twenty minutes to pass the sentry post where I was lying, but after that there was no danger of discovery, the front line still appearing almost unoccupied, but I was getting dizzy and not sure of my direction. I knew,

U. S. ADMIRALS IN COMMAND ABROAD

ADMIRAL H. O. DUNN. ADMIRAL H. RODMAN. ADMIRAL H. E. WILSON. ADMIRAL A. E. BLACK.

These four naval commanders are the men who are doing the sea fighting for Uncle Sam in Europe—the conveying, scouting, U-boat hunting and patrolling, and who are ready to engage Fritz's heavier vessels if they show their noses. They are all rear admirals, under Vice-Admiral Sims, the supreme commander. They are stationed as follows: Rear Admiral Niblack in the south; Rear Admiral Hugh Rodman, in command of battleships; Rear Admiral Herbert O. Dunn, on special duty; Rear Admiral Henry E. Wilson, in France; Uncle Sam can't be too definite and specific about it, but if you have a boy in naval service over there, this will show you his commander.

French and British Now Fighting Side by Side to Stem Tide of Enemy

(Associated Press.)

Undiminished in intensity, the great battle in Flanders and south across the French border goes on. Having retired east of Ypres, the British are now putting up a most desperate resistance to the Germans menacing Ypres and Hazebrouck, the important supply base to the southwest.

French troops have come to Field Marshal Haig's assistance and are fighting side by side with the British in stemming the enemy tide east of Hazebrouck.

During the past twenty-four hours the heaviest fighting has been along the Lys on a front of fifteen miles from west of Merville to Wytschaete. The British took the offensive and regained Wytschaete and Meteren, six miles east-northeast of Hazebrouck. Wednesday, but the Germans in strong counter attacks forced them to retire again. Along the remainder of the front the enemy threw wave after wave of attackers against the Franco-British defense, but it did not falter and the Germans gained nothing in payment for sanguinary losses.

Although the retirement east of Ypres was to be expected for strategic reasons, the fact that it has been carried out has caused sentimental regrets. Langemark, Passchendaele and Poelcapelle, which Berlin reports the Germans have occupied, were scenes of desperate encounters in the hard-won British advance of last summer and fall when they gained the entire Messines-Passchendaele ridge.

Viscount Milner Named British War Secretary

(Associated Press.)

Paris, April 18.—Viscount Milner has been appointed secretary of state for war in the British cabinet, according to Le Matin. The Earl of Derby, who has been war minister, the paper says, will come to Paris as ambassador in place of Lord Bertie, who retires.

Premier Clemenceau had a long conference last night with Lord Milner.

Alfred Milner, first Viscount Milner, has been a member of the British war cabinet without portfolio since Dec. 10, 1916. The Earl of Derby has been the head of the war office since the Lloyd George cabinet took office in December, 1916. Announcement was made some time ago that Lord Bertie was about to leave his post in Paris, where he has been ambassador since 1905.

Viscount Milner has had a prominent career in British politics and was British high commissioner for South Africa previous to 1905, and from 1902 to 1905 he was governor of the Transvaal and the Orange River colonies. He was born in 1854.
